| Student Name: | |
|---|--|
| Date: | Dual Degree |
| Research Advisor: | with: |
| Coursework Have all required courses been completed planned? What other courses are planned | ? If not, what remains to be taken and when are they? |
| | |
| Research progress | |
| Satisfactory | |
| Not satisfactory | |
| Reason: | |
| | |
| Mow many credits in PHY999 have you tal credits in PHY999 and a maximum of 36 c | ken? Note that at the time of graduation, a minimum of 24 redits in PHY999 is required. |
| | ogress of your dissertation research. For example, has your ta analysis, writing a publication, writing thesis, etc. |
| Have you kept up to date with your require | ed RCR trainings? If not, describe how you plan to catch up? |

What remains to be accomplished? Concentrate on goals for the next year.

When do you anticipate graduating? Is that timeline feasible? Are there obstacles to be overcome or issues that may affect that timeline? If so, is there a plan for how to deal with them? For example, changing projects, using a different data set, altering the scope of the analysis, changing experiments, theoretical calculations etc.

What are your career goals/job plans after graduation? Are their resources that can help you attain those goals/plans? For example, getting a teaching certificate, attending a conference, doing an internship at a company or government lab, etc. Are you active in departmental, university, or national committees or professional organizations?

During the committee meeting, did the Advisor/Chair leave the meeting so that the student could discuss with the other committee members (Optional at present)?

Yes

No
